EASY AND SURE WAY TO CURE COLDS

Don't Neglect a Cold, Ely's Cream Balm Will Stop It

in the Sneezing Stage. A cold generally attacks the weakest

part, affecting the eyes and ears in some and producing nasal catarrh and throat troubles in others. A cold is due to an inflammation of the membrane lining the air passages, and may be promptly cured with a little Ely's Cream Balm, which immediately relieves the inflammation and all the distressing symptoms, such as sneezing, coughing, running at the nose and eyes, hourseness, sore throat, fever and headache. One reason why this pure, antiseptic Balm acts so quickly is because it is applied directly to the tender, sore surfaces. Even in severe, chronic cases of ca-

tarrh, Ely's Cream Balm never fails to quickly and effectually check the polsonous discharge which clogs the head and throat, causing the disgusting hawking. spitting and blowing of the nose. This remedy not only drives out the disease. but heals and strengthens the weakened membranes, thus ending catarrh. Catarrh is a flithy, disgusting disease. Don't put up with it another day. Get a 50-cent bottle of Ely's Cream Baim from your druggist and see how quickly you will be relieved. It is perfectly harmless. Agent, James O'Donnell.
